# BEGINNING STAGES

These are logos made early on, and show the development of the logo.

# LOGO ELEMENTS

The first logo is the official logo. The square and rectangular ones are for square or rectangular signage. The last is the word mark, which can be used in only special cases

## 1. Pictorial Mark

The dumpling can be used alone on promotional items, but should be kept with the whole logo when possible.

## 3. Logo Mark

The logo mark is the identity of the restaurant, making people associate the logo with the restaurant.

## 2. Word Mark

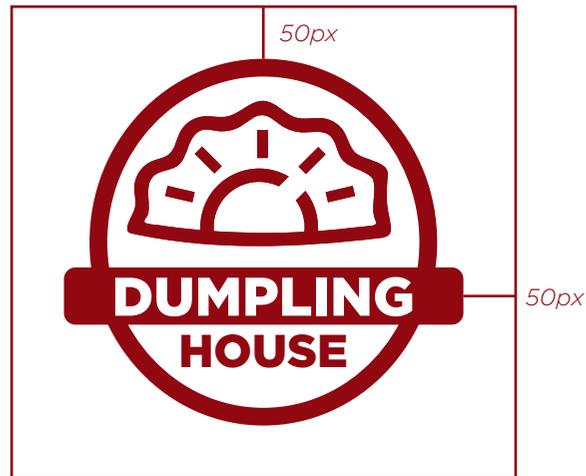

The word mark is an informational portion should be used like it is displayed in the second example should be in GothamBold and in all caps.

# DUMPLING HOUSE

# CLEARSPACE

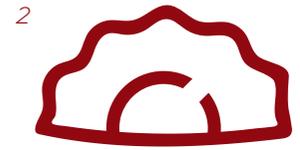

There must be at least 50px (.67in) of space around the entire logo at all times, regardless of the logo. If logo is applied on a large area, scale the clearspace proportionally.

# LOGO MISUSE

Misusing the logo can damage the companies image. Here are examples of what not to do.

1. Do not use the word mark on its own.
2. Do not exclude any part of the dumpling.
3. Only use the yellow for a background color
4. Do not use any color for the logo other than red
5. Do not apply a drop shadow
6. Do not rotate the logo

# IDENTITY COLORS

The colors used for this identity have cultural meaning. Dumplings originated from china, and Dumpling House is a chinese restraunt, so the red and yellow represent the colors in the chinese flag, giving the logo a sense of culture.
